

Olentangy Liberty High School

Course Override

Student Name _____ Date _____

Desired Course _____

I am requesting my son/daughter be enrolled in _____
for the _____ school year.

I have consulted with my child's current teacher in this subject
area.

I understand the following:

- The child's current teachers and counselors have not recommended this course for my child at this time
- My son/daughter may drop the course following the procedure outlined in the Course Planning Guide. However, the drop may result in a grade of "WF" as the final grade
- Should a dropped course result in excessive study halls the student will have to add a new course as soon as his/her schedule permits.
