

School Funding Action Committee

The following is a summary of the Committee's meeting held Wednesday, Sept. 13, 2006:

Becky Jenkins, Treasurer, provided an overview of Olentangy's school funding. The Committee decided which school funding topics to include in its communication to parents. This same document may be shared with the community as costs allow. It will also be posted on the district's web site. Sarah Dove, member, and Elinor Clark, Chair, will draft a one-page, two-sided information sheet for parents. Other committee members have offered to review the draft before the next meeting. The Committee will continue to look for a member to join the A.C.T. (All Citizens Together) for Ohio Schools committee. ACT is a group of central Ohio school districts that seeks to create a citizen-led grassroots effort to improve school funding.

The Committee's next meeting is scheduled September 27, 6:30 pm in Conference Room A, but may be postponed depending on the progress of the draft document.
