

PAY-TO-PARTICIPATE FEES AND FORM

Olentangy Local Schools requires a fee for participation interscholastic athletics. Several factors were considered in deciding the fees assessed, including athletic trainers/safety, equipment, supplemental contracts for coaches/advisors, travel, total number of participants, and whether or not academic credit is associated with the activity.

Olentangy Local Schools has adopted a policy that requires a **\$80 fee per sport** for participation in interscholastic athletics. The student fees are assessed to defray only a part of the expenses of our programs. Fees for participation are to be assessed for one full year.

Each building is responsible for collecting these fees. Payments should be made in full by credit card online or by check/money order. Make checks payable to "Olentangy Local Schools" and include students name and the activity for which the fee is being paid in the "memo" area of the check. Return forms and checks to the individual buildings. Payments should be made in full by credit card online or by check/money order to the school office. To view your fee account and make payments online, please go to your PowerSchool Parent Portal account and select *Lunch and Fee Payments*. If you are paying by check, please make it payable to "Olentangy Local Schools." We appreciate your prompt attention to school fees. The payment deadline is before the first game. All fees are non-refundable after the first game and paying the fee does not guarantee an athlete's playing time. The athlete will not be allowed to participate until the fee or all previously owned school fees are paid. If a student loses eligibility after he/she has paid special activity fees or dues, there will be no refund from the Board of Education.

Students with carryover delinquent fees of any kind from the previous school year are precluded from participation in fall extracurricular activities. Delinquencies in the current school year will preclude the student from participating in winter and spring extracurricular activities. Eligibility will be restored once all fees have been paid, or a payment plan has been established and the first payment has been received.
